CHEAP INTEREST.

New York Firm Offers to Loan \$10,-000,000 at 3 1-2 Per Cent.

New York June 21—An offer of a large brokerage firm to loan \$19,000,000 on New York real estate at \$35 per cent has established a new record for bond and mortgage loans. The lowest rate of interest heretofore paid by borrowers, even on Broadway property, has been from 4 to 5 per cent, according to the amount borrowed and the relative amount of the mortgage to the value of the property.

amount of the morigage to the value of the property.

Many brokerage firms held that this offer to loan \$10,000,000 was an exception and that borrowers in general would have to continue to pay at least 4 per cent. Other brokers said that in future New York loans would rule at 3½ per cent when the amount borrowed did not exceed 40 per cent of the value of the property. Controller Coller said:

"Money is very cheap at present. The city of New York is borrowing money on revenue bonds at 3 per cent and there are millions of money ready to be invested at this figure. The rate on real estate loans may remain at 3½ per cent if the gluf of money continues in Wall street."

A. W. McLaughlin, member of a reality brokerage firm said:

"With the large exportations of gold to Europe I cannot see how a rate of 3½ per cent can be maintained for any length of time."

The brokerage firm which announced that \$10,000,000 was in bank ready to loan in amounts from \$100,000, to one million at 3½ per cent was besleged with prospective borrowers. It was explained to all customers that the money

with prospective borrowers. It was explained to all oustomers that the money had been placed in a fund by a number of wenlihy men and would be loaned only on the best security.

The rate charged for small loans on homes and unimproved property is generally 5 per cent on first mortgages protected by guaranteed titles. The rate for second mortgages is 5½ to 6 per cent. Many brokers said that these rates would be cut materially within a year.

MAYOR HARRISON'S VIEW Thinks Republican Platform Will Not Attract Voters.

New York, June 21.—Mayor Carter Harrison of Chicago, when asked last night what he thought of the Republi-can platform, said that he had not read it thoroughly, though he did not believe it would attract many voters to Mc-

Kinley.

"Eryan is sure to win anyway," he said. "Platforms are not issues and the people nowadays vote for those whom they think will best represent them. The fight this year will be largely one of personalities. Colonel Bryan's personality, his individuality, is attracting votes to him, while McKinley repels them. Throughout the west thousands of men who were against Bryan four years ago are with him now.

"In Chicago particularly McKinley is losing ground rapidly. There is a great deal of dissatisfaction with the administration especially because of its atti-

tration especially because of its atti-ide toward trusts and its imperialistic 'In our city there are thousands of

WHY HE IS A DEMOCRAT. Prince David of Honolulu Explains Reasons of His Faith.

San Francisco, June 21.—One of the members of the Hawaiian delegation to the Democratic national convention is Prince David Kawanakoa, a nephew of the late King Kalakua. When asked why he was a Democrat, Prince David

why be was a Democrat, Prince David said:

"Annexation is a settled fact. We're part of the United States now. I'm not kicking at this late day, but I want to tell you one thing, the Hawaiians will always feel grateful to a Democratic president, Mr. Cleveland, for his stand on the question of annexation.

"It is true numbers of the natives have formed an independent organization. Such organization, in my opinion, is preliminary to most of the natives interested in it coming over to the Démocratic party. I, together with many of the natives, in fact most of them, believe that the Democratic party can be relied upon to secure for us, as well as other citizens, all possible benefits and privileges from the national government. We do not want heavy taxation or the restriction of jury rights of the natives. On the other hand, we want more education, better industrial conditions and a larger commerce. I think the Democratic party can be trusted to aid us in these and other ways far more than the Republicans."

COUNTIES MUST PAY.

fore the state has given countes created for state taxes, in cases of double and erroneous assessment where personal property warrants have been returned because no property had been found. Also, in cases where the boards of county commissioners have compromised outstanding tax sale certificates and permitted redemptions or assign-

ted to the attorney general the question whether it was proper to so credit whether it was proper to so credit counties for state taxes lost by compromises. Mr. Godard advised the auditor that such credit is improper. Thereafter the board of commissioners of Harper county commenced in the supreme court, an action in mandamus to compel the auditor to give that county credit for about \$500 state taxes, so lost. The supreme court took the same view of the matter as did the attorney general, denying the writ.

of the matter as did the attorney gen-eral, denying the writ.

The question now arises whether coun-ties are likewise liable to townships, cities and school districts for the amount of their taxes lost when out-standing taxsale certificates are compro-mised. Mr. Godard has given an opinion to the county attorney of Lane county, that counties are not so liable, as there is no statute relating to counties, town-ships and cities, fixing a responsibility upon the county, such as is found with reference to the state.
